

12 DISTRICT YANKS HOME FROM FRANCE

HOBOKEN, N. J., June 13.—Three officers and nine men from the District are reported as having arrived at Hoboken from overseas. They are: Lieut. John F. Farnsworth, 1126 East Capitol; Lieut. Christopher S. Robinson, 3120 Eighteenth street northwest; Lieut. James B. Rasbach, 1014 Seventh street; Private Thomas Collins, 2037 North Capitol street; Corporal George A. Young, 800 A street; Private Charles R. Stewart, 3206 Boler street; Corporal John H. Goodwin, 108 Bates street northwest; Private John G. Beitzell, 621 Quebec street northwest; Corporal Henry Lewis, 3828 Livingston street; Private Edwin P. Flaherty, 482 L street southwest; Private Arnold M. Hogan, 1219 Fairmont street northwest.

EMPLOYEES GIVE LOVING CUP TO JOHN C. WALKER

John C. Walker, owner of the Walker-Hughes Market Company, was presented with a handsome loving cup by his employees yesterday, accompanied by a letter expressing their esteem. Most of the employees have been with Mr. Walker a number of years.

LIFT BAN ON IMPORTING FOE SCIENTIFIC BOOKS

The War Trade Board today announced it will receive applications for the importation of scientific books and journals from Germany.

PRESIDENT TO FIGHT SENATE ON LEAGUE

Regarding the peace treaty proper and the league of nations covenant as one and inseparable, President Wilson is expected to make a determined fight to prevent division of the two—in effect or in fact—by the United States Senate.

While the only official comment forthcoming early today was that "the President is not disturbed" by the Knox resolution, it is known he is watching developments in the Senate and certainly will guide Democratic action when Knox begins his fight next Tuesday.

BOY SCOUT DRIVE MAY BE CONTINUED

Tomorrow night, Boy Scout week, as proclaimed by the President, officially ends, though an appeal will be made throughout the churches of the District on Sunday. The campaign for associate members of the Boy Scouts of America must be made a success within the next forty-eight hours, so far as Washington is concerned, states E. H. Eynon, jr., chairman of the committee in charge of the drive in the District.

It is said that, owing to a poor start, the drive is to be continued in various parts of the country, possibly until the middle of next week.

Annual Drill Tomorrow. Tomorrow morning at 10 o'clock the annual Boy Scout competitive drill for the silver cup offered by Secretary of the Interior will be held on the Ellipse. All the scout troops in the District will take part in this drill.

Tomorrow afternoon at 2 o'clock the annual field day for the Boy Scout winners from the six divisions of the local organization will be held. There are to be twelve events, and about 150 boys are to take part.

This afternoon and tomorrow the various canvassing committees and individual workers for associate members will make every effort to put Washington in the lead with a big excess over and above the quota.

Hard Work Still Needed. Chairman E. H. Eynon, jr., in charge of the local campaign for associate members, stated last night that this could only be accomplished by the fullest co-operation between the people of Washington and the campaign workers.

Membership fees are one dollar, but subscribers are requested not to stop with this sum. The one dollar is to be used for the National Boy Scout organization, while every cent above this sum is to be used solely for the District scouts. So every person in the city has his own individual opportunity to "go over the top" with an oversubscription.

James E. West, a former Washingtonian, and present chief scout executive of the national organization, has sent a message to this city urging support of the campaign, especially by the churches.

Guided by Church. "The troop of today may be built into the church of tomorrow," he said. "In all matters of youth, the Boy Scout is directly under the guidance of his parent church. Scouting turns the boy toward his church and home instead of drawing him out of it. Therefore, it is endorsed by every faith and creed. It is understood and generously supported by Catholic, Protestant, and Jew alike. It is thoroughly American, thoroughly religious."

All Government departments are to be visited and all employees requested to join the Boy Scouts as associate members by members of the committee on Government departments, under leadership of C. Melvin Sharpe.

Each member of the special solicitation committee, Eugene G. Adams, chairman, which is covering the downtown district, has been asked to see that each tea captain turns in at least \$500 for each team.

LABOR DELEGATES JOIN DRY PROTEST

(Continued from First Page.) Enthusiastically indorse it. Former liquor dealers, bartenders and booze fighters are its strongest defenders.

The Seattle delegation has presented resolutions to place the federation on record regarding recognition of the Kichik, or as Soviet government of Russia, protesting deportation of Hindus who have served prison sentences in this country for planning revolts in India and establishing the initiative and referendum with the A. F. L., thereby limiting the powers of the executive committee.

Delegates of the Railroad Telegraphers' Union today planned to attempt to place the federation on record as officially sanctioning the order issued to members of the union, forbidding them to handle Western Union telegrams. This order was issued tomorrow morning was designed to help the strike of commercial operators against the Western Union. The railroad telegraphers' delegates prepared a resolution approving the boycott and planned to introduce it today.

Money Case Discussed. Since the appearance of Mrs. Itena Mooney before the convention, a determined movement has developed to place the federation definitely on record for or against a new trial for Tom Mooney, under life sentence in California for alleged participation in a San Francisco bombing.

A resolution has been introduced in committee by Tex Hurley, of the Oakland, Cal., electrical workers, which will soon be reported upon and which says:

"Whereas delegates to the American Federation of Labor convention are convinced a great injustice has been done Tom Mooney and Warren G. Billings (also convicted); Resolved, That a special committee be appointed to go to Washington after the convention and lay before authorities a resolution requesting that they find a way, by Federal intervention or otherwise, to right the wrong already done."

Want Strike Called. "Be it further resolved that the executive council of the federation be instructed and empowered to request the international unions of the federation to submit to their membership a referendum on a twenty-four hour protest strike immediately after Labor Day, in the event that Mooney and Billings are definitely denied new trial."

"The unions of the country have never had a chance to make known their stand regarding Mooney," declared Hurley. "We want to place the federation delegates and ourselves squarely on record as to whether they favor Mooney and labor or District Corporation Pickert and the California corporations. Regardless of what action is taken, we are going to carry this fight on to a finish."

CATHOLIC UNIVERSITY LAY ALUMNI ELECT OFFICERS

The first annual meeting of the lay alumni of the Catholic University, held yesterday afternoon in McMahon Hall for the election of officers, was attended by about a hundred and fifty members. The occasion was the dedication of the athletic field to the memory of the late Capt. Edward L. Kilion, class of '17, the university's great football and baseball star.

The following officers were elected for the ensuing year: Lewis L. Guarnieri, 18, of Warren, Ohio, president; James E. Woods, 14, New York city, first vice president; Michael J. Shortington, 19, Braddock, Pa., second vice president; Richard Kavanagh, 16, Peoria, Ill., third vice president; J. R. Lambert, 15, Trenton, N. J., secretary and treasurer; and Theodore R. Rooney, 19, of Washington, and Daniel P. Keegan, 17, members of the executive committee.

BOLSHEVIKI DROWN 500 IN BLACK SEA

NEW YORK, June 13.—August Daner, South Russia representative of the International Harvest Company, of Chicago, brought a tale of alleged Bolshevik atrocities following the capture of Odessa, when he returned aboard the transport Englander today.

Daner said he heard that more than 500 men and women were weighted with heavy stones and thrown into the Black sea during the reign of terror that followed the capture of Odessa. He said his house and office were riddled with bullets. He said he and his wife lost practically everything they had at the hands of the Trotsky supporters.

EAT VEGETABLES; PLENTY ON SALE

The Department of Agriculture in this week's bulletin makes stress in the use of the many green vegetables that are beginning to come into the market in plenty and the different fruits and berries to be had.

Pears, strawberries, lettuce, radishes, white potatoes, lemons, cucumbers, cabbage, green beans, and tomatoes are abundant on the markets now, the bulletin states. Cherries, asparagus, kale, onions, orange, bananas, spring onions, spinach, and raspberries are here in normal quantities for the season, and among the scarce produce are sweet potatoes, peppers, apples, celery, rhubarb, grapefruit and peaches.

Locally-grown green beans, fine and tender, are now available in this city. Farmers sold them for \$6 and \$5.50 per barrel this morning, which would allow them to retail 25 to 30 cents per quarter peck, as compared with 15 to 25 cents for the shipped-in product.

The first of the local tomatoes were seen today, indicating that the local season will open next week. The tomatoes on the market so far have been mostly from Florida. The first shipments from Mississippi are beginning to arrive now.

The department makes these suggestions for week-end purchasing: Buy an abundance of vegetables; they represent the cheapest food values and are very wholesome. Your list might include, beside potatoes, peas, radishes, lettuce, cucumbers, green beans, cabbage, and perhaps tomatoes. For the fruits, strawberries are suggested as the season will soon be over. Good values can also be obtained in lemons and peaches. Among the more staple foods the main dish should include fish or eggs. A large baked trout would be an economical addition.

\$15.50 WAGE FOR WOMEN APPROVED

The District minimum wage board today issued an order that no person, firm, association or corporation shall employ experienced females in the printing, publishing or allied industries at a weekly wage of less than \$15.50.

The order goes into effect August 15, and was issued following a public hearing this morning in the District building.

It was further ordered that inexperienced women, termed as "learned," shall be paid a weekly wage not less than \$8 or the first three months, not less than \$9 for the second three months and not less than \$11 for the third three months. After the order declared, the employees shall be termed experienced workers.

This order affects 1,000 women in the District. Several recommendations suggested by the order as to the technicalities of the order were approved.

Violation of this order, the law provides, shall be punishable by a fine of not less than \$25 nor more than \$100, or by imprisonment of not less than ten days nor more than three months, or both fine and imprisonment.

Discuss Apprenticeships. The question of apprenticeship was discussed. The representatives of the Washington Typothetae were present and recommended that each company be allowed to employ one apprentice to every four experienced workers. A company which employs only one, two, or three experienced workers should be allowed to hire one apprentice, it was recommended.

The representatives of the Washington Typothetae present were Frank Ashby, Oscar Wright, William J. Eynon, Frank Hill, George Judd, Charles Crane. Mrs. Frances represented the women affected by this order.

The members of the board present were Jesse Adkins, Joseph Berberich, Miss Ethel Smith, and Miss Clara Mortenson.

Up until 2 o'clock today the Wage Board had not issued an official order in reference to this wage for the women.

RETURNS TO JAIL AFTER SAWING BARS TO KEEP DATE. HOUSTON, Tex., June 13.—Bill Harris, who sawed his way out of jail, returned today. "Sorry I had to leave," he explained, "but I had important business to attend to. 'Cam-back soon's I could.'"

NEED 100,000 FOR HARVEST IN KANSAS

Kansas needs 100,000 farm laborers immediately, to help harvest the record-breaking wheat crops there, the Department of Agriculture was advised today.

As Kansas has a crop of over 200,000,000 bushels this season—one-fourth of the country's winter wheat output—it is probable, officials stated, that some serious losses will be encountered unless adequate labor is obtained within the next few days.
